Professional Experience

06/10 – Present – Software Engineer
Vibio (http://vibio.com), San Francisco, CA
- Sole engineer for initial product launch
- Wrote all custom Drupal 6 module code, as well as the Vibio theme
- Responsible for architecting and configuring site infrastructure, including Apache/Unix configurations
- Integrated with 3rd party APIs: Facebook, Amazon, eBay

04/09 – 06/10 – Associate Web Programmer
Cryptic Studios (http://crypticstudios.com), Los Gatos, CA
- Wrote tools to migrate http://atari.com to the Drupal 5 CMS
- Contributed greatly to the Atari Web Platform, which is used to rapidly create websites for Atari video game websites, such as http://testdriveunlimited2.com, as well as atari.com and future websites.
- Developed features to be used in Cryptic Studios' game websites: http://champions-online.com and http://startrekonline.com using the Drupal 5 CMS
- Developed internal websites used for reporting, server monitoring, and customer service management
- Designed and implemented Javascript based XMPP client for use by customer service to talk to in-game players

07/08 – 09/08 – ECA Software Engineering Intern
Shopatron (http://www.shopatron.com), San Luis Obispo, CA
- Product development and enhancements based on the needs of the Shopatron system.
- Consumer web sites using the Shopatron home grown MVC and CMS systems.

07/07 – 08/08 – Freelance Web Developer
- Aaron Svenby Photography (http://aaronsvenby.com), San Luis Obispo, CA
- Decibel Designs (http://www.dvdstoragecabinet.net), San Luis Obispo, CA

7/06 – 8/06 - Student Assistant/Web Developer
CalPoly Career Services, San Luis Obispo, CA
- Developed, tested, and implemented an online version of CalPoly's yearly Graduate Status Report.

Education

09/04 – 03/09 - **California Polytechnic State University, San Luis Obispo**
B.S. in Computer Engineering.

Development Knowledge

Web Technologies: PHP, Drupal 6/5, MySQL, Javascript (particularly using jQuery), HMTL, CSS
3rd Party APIs: Facebook, Amazon, eBay
